

Announcing CovaWound™ advanced wound care dressing range from Covalon Technologies (Europe) Ltd:

Updated -Full Inclusion on Drug tariff from February 2018

Covalon Technologies (Europe) Limited is delighted to announce that the complete range of advanced wound care dressings (**CovaWound™**) have been approved for inclusion on the UK Drug Tariff, effective 1st Feb 2018.

Covalon Technologies Ltd researches, develops and brings to market new healthcare technologies that help save lives around the world. Founded by a group of medical research scientists, it is an established, multi-national company that has expertise in the development of advanced wound care dressings and other related products and technologies. You can find out more about Covalon Technologies Ltd by clicking on the links below:

www.covalon.co.uk

www.covalon.com

Covalon Technologies (Europe) Ltd is a wholly owned subsidiary of the parent company (Covalon Technologies Limited), and provides a range of great quality, competitively priced, wound care products which are promoted under the brand name **CovaWound™**. These dressing were included within the NHS Supply Chain Advanced wound care framework earlier in 2017, and since then, the UK team has been successfully building clinical awareness and endorsement for the brand.

Covalon Technologies (Europe) Ltd has partnered exclusively with **Alliance Healthcare** to service the script market. The tables on the following appendices provides detail of the product range and associated codes available to order.
